

# Machine Knives... **Press Room**

At TGW, we have a full range of industrial machine knives for all of your press room applications. We manufacture only the highest quality knives with superb cutting edges, crafted from selective steels with consistent hardness to provide excellent wear. We are a complete line manufacturer providing burr-free cutting edges for the demanding environment of today's high-speed printing.

Our press room product line includes:

- Folder cross cut off knives
- Anti gusset cut off knives
- Rotary & fixed cutoff knives
- Sheeter knives
- Circular top flat & dished slitters
- Bottom slitters and anvils
- Score and crush cut slitters
- Creasers
- Circular perfs
- Times perfs
- Herringbone perfs
- Tucker blades
- Folder blades
- Pneumatic air holders
- Jaw blades
- Guide bars
- Splicers
- Tension rollers
- Inlaid carbide straight knives
- Inlaid carbide circular knives
- Solid carbide knives

At TGW, we leverage our 100 years of industry experience to bring a unique understanding of machine knife composition, providing superior-quality material grades, hardness and finishes, and precise dimensional tolerances to provide our customers maximum yields.

We deliver nothing less than the highest quality knives, with superior technical expertise and the best service in the industrial machine knife industry. Please call us at **1.800.407.0173** for all of your machine knife needs.
